

To the Upland Homes Team,

We wanted to write this note to you to say how very happy we are with our new homes.

As you know we built 2 at once and that alone is quite a challenge.

We want to say that our experience working with Adriana, Tommy + Karin has been a pleasure all have a very pleasant and professional manner above and beyond what we have experienced elsewhere.

Karin is a master at what she does. I can't tell you how many times I'd call to let her know about an issue and she had already made the call to remedy the situation.

We could not have picked a better team to complete the 2 homes than you at Upland Homes.

Thoroughness, integrity + service all describe what we would tell others about Upland Homes.

Sincerely,

Ted + Debbie Post
